

SIXTEENTH YEAR NO. 4

GLEICHEN, ALBERTA, WEDNESDAY, APRIL 12, 1922

Subscription \$2.00 a Year

QUEENSTOWN

Our bank has moved away and left us "in the soup." Not only has this caused us great inconvenience, but our district has received the greatest insult and the worst black eye that anyone has ever given it before. The farmers in Mile, Queenstown and Marjorie are told now by the officials of this bank, who came here three years ago and begged us for our business, that our district was too far away from the railway to be any good, that the farmers here were losing money and could never make farming pay under present conditions, that this bank did not want us for customers any longer, that it did not want to do business with farmers situated as we are, and that the money we sent up our accounts and went elsewhere to do our business the better they—the bank officials—would like it.

Now, it is true enough that we are handicapped somewhat by being some distance from a railroad and we are all hard up at present, yet it is also true that the majority of farmers in the province of Canada are as hard pushed as we are, and our troubles are not altogether the result of being far away from a railway, but are caused by the small crop of the last few years, the awful drop in the price of farm products and the frightfully high prices which the farmers have had to pay for farm implements, labor and other things. Up to the last few years the farmers in this district, in spite of the drawbacks, have done well. Crops have been raised here, when they failed in many other districts. During the dozen years, more or less, since this district was first settled the banks in Gleichen, Cluny and Bassano have apparently been glad to have our business, and I don't think they lost much money on it.

It remained for the last bank, which none of us here sent for, to come in and solicit our business from the other banks. Then, when the crisis period arrived, to throw us down and tell us that we were not wanted, and that our district was too far away from a railway to be any good.

To say that the farmers out here are feeling sore is putting it mildly.

The show put on by the Cluny people in the Mile Hall was well received and very successful, but owing to bad weather and the prevalence of the "flu" in this district, the attendance was not as large as it might have been.

Every farmer in this district who has not raised enough oats and hay last year for this year's farming operations is now busy hauling feed from Cluny.

Mrs. Russell Mills of Marjorie has returned after visiting a couple of weeks in Calgary.

"There is a great deal of 'flu' in this district just now. The more serious cases are being taken to the Bassano hospital."

Mrs. J. W. Wells of all the drawbacks, Mr. Ferguson of Vulcan opened a butcher shop, and Messrs. James & Barber, formerly of Champion, are opening a blacksmith shop.

Mr. A. Melver, of the Bank of Hamilton, is spending a few days with friends in Mile.

The Rev. Mr. Stuart and wife of Ardena have been conducting evangelistic services at Marjorie during past month, and will have services every Sunday afternoon throughout the summer.

The Women's Auxiliary of St. Andrew's Church will hold a picnic and home cooking etc., will be held on Saturday April 15, in G.W.V.A. Hall, at 3 p.m.

HOSPITAL NEWS

Editor Call—

We have been so busy that we have had no time to put in our notes so that now that we have a breathing space here goes.

We had a lovely baby born to Mrs. Boyle, of Cluny, on the 1st of March, then another also of Cluny, Mrs. C. Helmer a boy born on March 13th. She went home April 2nd, but it will be a long time before she is really well, but the summer weather coming should be a great help to her. Then we had a baby girl, born to Mr. and Mrs. Steve Sika of Stobart. The baby died, only living three hours, although Dr. Bowles made a great fight for it. Next our local dairy woman, Mrs. Behrland, was in for treatment. She was very sick when she arrived, but went out smiling.

Now, I have to give thanks, though I think one and all. Also, someone donated a sort of loose raspberries, which were greatly appreciated by our folk. I can assure the donor.

We have to be able to add a few more rooms shortly, which will help us in the work we have been doing for a long time before. But a lot of people on the people realizing that they must do their part and try to pay accounts, else we cannot grow and help the community as we wish.

When we can go about with our work, we are thinking of having a building here. Who says hoarse—that? It would be a great help to get the job done quickly, which is a very necessary condition, as several days of hammering is very hard on a patient who may be sick. Now, but all answer together, but bear in mind and we will try and give you all the service such an institution asks for and then some.

Yours,
THE MATRON.

BUSINESS REVIVAL

"Everything points to fair revival in business," stated Charles Murray, general manager of the Canadian Pacific western lines, in the course of an interview with the Herald on Wednesday. Mr. Murray is in the city attending a "get-together" meeting of Alberta officials of employees of the company which is being held in the town hall of the Palliser.

Mr. Murray stated that during the past month there had been a pretty substantial increase in traffic that had been pretty equally divided between general merchandise, coal and wheat. Coal shipments could now, however, naturally show a decrease owing to the strike.

More Confidence Seen
"There is every likelihood," he said, "that people are getting more confidence in the general outlook and things are beginning to move. We notice that there is a something substantial in it is the fact that business for months kept going down and down."

"Then for a few months we held our own, but now we have started up again. This latter phase was first felt during the latter part of February and business has been increasing steadily ever since."

Mr. Murray expressed considerable optimism regarding farming prospects in the west. There had been quite an amount of moisture and this had sunk into the ground in a splendid manner. He stated the run-off of this year had been practically all the way from the west, and employees present at the meeting which as already mentioned, was for

The Agricultural School Closed

An Edmonton dispatch states that Hon. George Hoodless has announced that the Department of Agriculture has decided to close the schools of Agriculture at Glenfield and Youngstown, and this was confirmed at a meeting of the local Board of Trade Monday night by Mr. John C. Buckley, member for Glenfield.

We regret that our typewriter machine has "pucked" and our capital is out of town, which makes it necessary to leave this article over for next week.

Woo Special Medal

Nompari Gay Lad, the two year old Clydesdale stallion, owned by J. Brown, our well-known breeder, made very remarkable record at the horse show in Calgary last week. Winning first prize in his own class; a Canadian bred Championship, a special silver medal and also the gold Championship against competitors of all ages, among which were counted at least, three grand champions of previous years. It is doubtful if another such record is held by a two year old in the Dominion of Canada.

Both the sire and dam of this remarkable colt were raised by J. Brown. The sire, Nompari Lad, as the first Canadian bred animal to win the Grand Challenge in Alberta. Mr. Brown is justly proud of his success and Gleichen has every reason to be proud of having in this district a stockman of his caliber.

GRAIN COMMISSION MEETS IN TOWN

Messrs Leslie, H. Boyd and W. D. Stapler, of Fort William, members of the grain commission, were in town on Wednesday night for the purpose of taking evidence in connection with a dispute between H. L. Dwellie and the Ogilvie Milling Co. Several witnesses were examined here others will be heard in Calgary. When the evidence is all in it will be carefully investigated and a decision handed down. The commission acts only in the capacity of an arbitrator, other party may appeal from its decision to the courts. Its function is to straighten out tangles and thus obviate litigation. This is the first time a revision of the commission has been held in Gleichen. We hope its finding will prove satisfactory to the parties concerned.

THE BOY SCOUTS

On Friday evening Gleichen Troop of Boy Scouts, met in the G.W.V.A. Hall. The Local Association, some parents and a number of interested citizens were present to take part in the presentation of the first star to eleven wolf cubs. After an exhibition of drills in which the boys showed some real proficiency, the Troop was drawn up single file. The Scoutmaster gave some interesting information about the Cub law. Among the Scouts, in South Africa, the army scouts are called cubs. The significance of the star is that they show the cubs getting their eyes open to take their place as full fledged wolves.

The president, Canon Cornish, addressed the boys, congratulating them on the showing they had made. The magnitude of the movement of which they are a part, and also the purpose and object of Boy Scout work. He then presented the first star to the following Wolf Cubs: Campbell Brown, Pat Beach, Willis Taylor, Elmer Sander, Robert Brown, Charles Sander, Gordon Yait, Roy Brown, Robert Taylor, Roscoe McKay and Stuart Gourlay. Mr. C. J. Shiffel, on behalf of the citizens assured the scoutmaster of the genuine pride the people had in the Troop and also of their desire to co-operate in the promotion of its welfare.

Every Saturday Night—Motion pictures at Gleichen Opera House.

The purpose of these officials becoming better acquainted with the people, Mr. J. J. Saffel, local C.P.R. agent, attended this meeting.

J. P. Weddle is Found Dead in Calgary

Calgary Herald—

The search for G. P. Weddle which commenced a week ago when he left his residence at 1125 Gladstone Avenue, Hillhurst, ended on Saturday afternoon about three o'clock, when several boys playing a game of hide-and-seek discovered his lifeless body in the closet of a vacant store at the corner of Second Avenue, Ninth and a-half street N.W. Sunnyvale.

The discovery was made by ten-year-old Billy King and Archie Edwards. The boys had been playing their Saturday afternoon game with their activities centering around the vacant building, which at one time had been used as a laundry shop. The boy King in endeavoring to secure a safe hiding place from his companions, rushed up the stairs and into the rooms of the empty apartment. "I was going to hide in the closet when I noticed a man's legs sticking out," he told a Herald representative. "I thought he might be sleeping and I nudged him with my foot." Young Edwards who admitted that he had "peeped," arrived on the scene, and together they told one of the firemen at No. 4 station, who in turn notified the police of the discovery. When the police arrived, Weddle was found to be dead with a half filled bottle of whisky in his hand.

The late O.P. Weddle, who was 65 years of age, had been in ill-health for sometime. He came to Canada from Manchester, England, 12 years ago, residing for the first nine years at Gleichen. He is survived by three daughters, four sons and his widow.

GRAIN COMMISSION MEETS IN TOWN

Messrs Leslie, H. Boyd and W. D. Stapler, of Fort William, members of the grain commission, were in town on Wednesday night for the purpose of taking evidence in connection with a dispute between H. L. Dwellie and the Ogilvie Milling Co. Several witnesses were examined here others will be heard in Calgary. When the evidence is all in it will be carefully investigated and a decision handed down. The commission acts only in the capacity of an arbitrator, other party may appeal from its decision to the courts. Its function is to straighten out tangles and thus obviate litigation. This is the first time a revision of the commission has been held in Gleichen. We hope its finding will prove satisfactory to the parties concerned.

The ladies of Union Church Circle will hold their Annual Spring Sale of House Dresses, Aprons, Home-Cooking Etc., on Saturday afternoon, May 6th, at 3 o'clock, in the G.W.V.A. Hall.

GLEICHEN, ALTA., WEDNESDAY, APRIL 12, 1922

Suggests a "Gopher Day" Be Set.

A farmer living north of town a few miles asked The Call to suggest that all the farmers unite and have a day set as "Gopher Day," which appears to us to be an excellent idea. Now is the time to kill the gophers as all are well aware, and there is no time to lose. Soon the grass will start to grow and then these little pests will refuse to eat the poison grain put out. If a united effort is made at once they can now be exterminated with the minimum amount of cost and labor. The farmer referred to said that on his way to town that day he saw hundreds of gophers along the road and that while he had already put out poison, it would avail him little unless his neighbors did the same. It was his opinion that the best way of ridding the country of gophers would be to make it compulsory for all land owners to put out poison within a certain period. He said that last year he put out poison about this time of the year and got very few, but some of his neighbors neglected it until as late as June, which he thought was not only a great loss to the community, but a serious matter for these individuals themselves.

It seems to us it would be a good move on the part of the United Farmers to take up this suggestion. They could handle it to a nicety and with the very best results. A little co-operation in this would be a great blessing, and time and money saved.

PROVINCIAL NEWS BULLETIN

(Issued by Publicity Commissioner Government Buildings, Edmonton.)

Important provisions in the new Tax Sale Relief Act, just passed by Legislature, which provides for the extension of time for redemption of certain lands from tax sales, are called to the attention of residents of the municipalities. Under this new act the time for redemption of all lands included in plans registered in the Land Titles office and all lands included in the corporate limits of towns and villages, has been extended to May 1st of this year. In this connection, the secretary-treasurer of a town or village or municipality is required to publish a notice to this effect twice in a publication in the district or in one which has a general circulation in the district, and to call attention to the fact that lists of these lands so in arrears can be procured from him.

In the case of farm lands which were included in the 1920 tax sale, the time for redemption is extended until the next November 1st, and the procedure in this connection is outlined in the new act. In case of cities, the same procedure applies as in the case of the towns and villages.

Alfred Chard, freight traffic supervisor of the Provincial Government, who has been studying the question of grain marketing, gives it as his opinion that a great deal of the loss suffered by farmers in dockages on grain shipments could be saved by establishment of grain cleaning and drying facilities at prairie terminal points, such as Calgary and Edmonton for westbound shipments, and Saskatoon for eastbound shipments. This would be a matter, he states, which would have to be taken up with the Dominion Government. At present dockage amounts to anything from 2 to 5 or 10 per cent, on a car of grain. If proper facilities were established at terminal points on the prairies, the farmers would be saving freight on this dockage, and would have all screenings immediately available for feeding purposes close to home. This proposal is favorably viewed by Hon. Geo. Hoadley and by Hon. V. W. Smith. It appears all the more urgent in view of the rapid development of the western route for grain from Alberta.

According to a despatch from Ottawa the Dominion Government since 1905 has sold a total of 954,000 acres of school lands in the Province of Alberta, realizing \$13, 204,000. This money is held in trust for the province.

Contrary to an erroneous impression which has become prevalent in the province concerning the amendments just passed to the Land Titles Act affecting mortgages, these amendments do not give any new rights to mortgage companies or other mortgagees as against mortgagors. In fact, the amendments make no change in the situation as between a mortgagee and mortgagor, but simply define the prior right of a mortgagee over other creditors.

Every man—or woman—who loafs or shirks lessens the national wealth. Every man who resorts to the "easy" policy makes us all so much the poorer.

Years ago, when Europe was in much the same state of unrest as it is today, Ruskin pointed out that idleness was at the bottom of the trouble. It is our inactivity, not our hunger, which ruins us," he declared, and he pointed that the man who was deliberately idle was certain to become the instrument of evil as if he had literally sold himself to the devil. That is as true today as in Ruskin's time.

Most of us like to grumble a little bit about work. "Back to the grind," we say on Monday morning. But we don't mean it. Work is probably the greatest of our blessings. What a dull detestable place this world would be without work to do!

Work is the greatest panacea for all ills. Nothing like work to soften a frown. The secret of good health and happiness is an open book—happy, healthful work, and lots of it.—Imperial Messenger.

A BAND WITH A HISTORY

This splendid British regiment, the Scots Guards, as they are known to-day, looks back to the very cradle of the nation. As the chief author of its regimental badge, in 1681 King Charles II authorized the Marquis of Argyll to raise a regiment of Scottish foot guards to protect the royal household. The regiment had its birth in a troublesome job and has since been in the front line of every battle in the history of the British Empire. It has been a part of every great battle since the time of the Marston battle in 1141, and it has been a part of every great battle since the time of the Marston battle in 1141, and it has been a part of every great battle since the time of the Marston battle in 1141.

DISTRICT AND LOCAL

Encouraging reports regarding Mrs. Finnigan's condition have come from Medicine Hat.

We are pleased to learn that Miss Alice Breerton, who underwent an operation for appendicitis in the Holy Cross Hospital, is recovering nicely.

Farmers take notice—Do not bring your hogs expecting us to buy except on shipping days. Call us up for information. 1st Market. Chris. Berwick, Prop.

Miss E. Prackton leaves on Friday on a visit to her home in England and will be absent about two months. When she will return to take up her work as nurse in which capacity she has proved most capable and a great benefit to Glenheim.

Under date of April 2nd, Mr. A. R. Tudhope writes from Inglewood, Calif. "I cut part of my first crop of alfalfa last week and it is good. We like our new home very much, but have been quite busy since we came here. We have nearly all our spring plating done and are doing some building with a view to keeping lots of chickens.

Owing to the many other entertainments the Gleichen Women's Institute have given no public entertainments throughout the past winter, but have accomplished a lot of good work for the town and district. Now, however, they had themselves about of funds to "carry on" their good work, and for that reason will give a whist drive in the G.W.V.A. hall on Thursday, April 27th. They hope a good crowd will be in attendance and will endeavor to make it one of the most pleasant drives they have ever given.

It was with the deepest regret that that word was received in Gleichen of the death of Mrs. P. J. Umbricht last Sunday night. She had been ailing for a long time, and was not expected she would again recover as it was stated she was suffering from cancer. Mrs. Umbricht and her husband and son, Ralph, are well known throughout this district and the sympathy of their hundreds of friends is extended to them in their bereavement. Particulars have not yet reached here, but we hope will be available for our next issue.

The Memorial Committee is arranging to put on a dance and bonnet on Monday evening, April 17th, in the Gleichen Opera House. At the present time the committee has a note at the bank of about \$25. The fund raised on the 17th will be placed against this note. Full announcement will appear in next week's issue of the Call.
